

T	TESLA CYBERTRUCK FROM 2023 - Present	ID No.	Version No.	Page No.
		TESLA-2023CA-001	01	01/04

1. Identification / Recognition

4. Access to the occupants

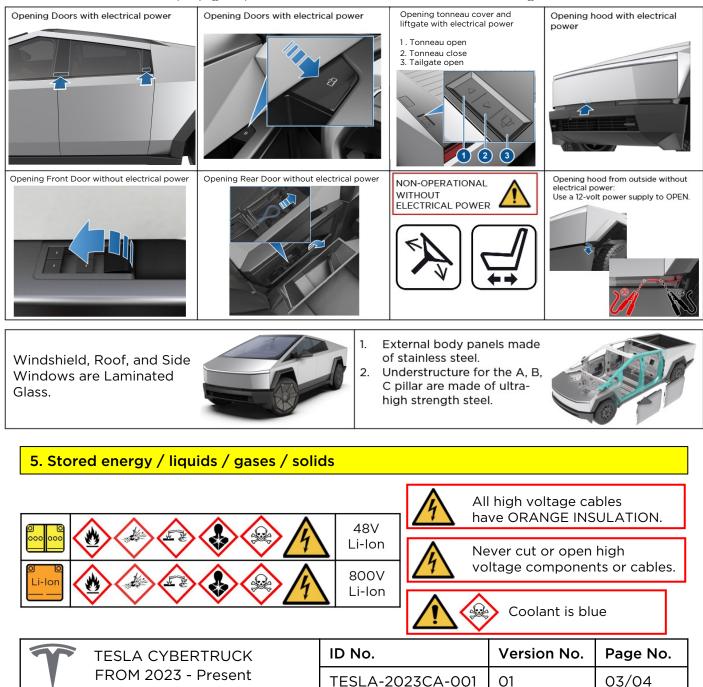

Electrical and mechanical releases may be compromised after a collision.

NOTE: After a collision, the doors may not unlock from the outside. Extrication may be required. The body is constructed of stainless-steel exterior panels with ultra-high strength steel inner structure.

NOTE: The windshield, top glass, and side windows are made of laminated glass.

6. In Case of Fire

7. In Case of Submersion

Treat a submerged vehicle like any other submerged vehicle. Wear appropriate PPE for water rescue. Remove the vehicle from the water and continue with normal high voltage disabling. Any vehicle submerged in water [including non-Tesla vehicles] could pose a fire risk. Tilt the vehicle to the rear to allow water to drain out and store flat.

8. Towing / Transportation / Storage Image: Storage

Tow Providers with emergencies, call Tesla Roadside Assistance. Refer to <u>https://www.tesla.com/roadside-assistance</u> for applicable hotline number.

First Responder information can be found at <u>https://www.tesla.com/firstresponders</u>. First Responders and training officers who have questions, contact <u>firstrespondersafety@tesla.com</u>.

10. Explanation of Pictograms

TIC/IR - thermal imagery camera / infrared

SCBA - mandatory use breathing equipment
