

FSD (Supervised) Rideshare Non-Discrimination Policy

Tesla is dedicated to delivering a reliable and exceptional FSD (Supervised) Rideshare service to anyone who needs it. Tesla and its affiliates do not tolerate discrimination against any rider or driver based on any protected characteristics, including but not limited to:

- Race
- Color
- Age
- Disability (including refusal to accommodate [Service Animals](#) or to assist with the stowing of assistive devices, like folding wheelchairs or canes)
- National origin
- Religious belief or affiliation
- Sex
- Pregnancy
- Sexual orientation
- Gender identity or expression
- Geographical location or destination

Prohibited discrimination includes, but is not limited to, a user refusing to provide or accept services based on any protected characteristics. Tesla reserves the right to deactivate the rideshare account of any user found to have engaged in discrimination.

FSD (Supervised) Rideshare **Zero Tolerance Policy**

Tesla has a zero-tolerance policy for the use of alcohol and/or drugs by FSD (Supervised) Rideshare drivers. To prioritize the safety of every ride, Tesla requires FSD (Supervised) Rideshare drivers to undergo drug and alcohol testing.

If you suspect that a driver may be under the influence of drugs or alcohol, please ask that your driver terminate the ride immediately and dial 911. You can also report your experience directly to Tesla by contacting Support through the rideshare app or the vehicle's User Interface. If a driver suspects that a rider may be under the influence, the driver may choose to decline or terminate the trip for their own safety.

Upon receiving a report of impaired driving, Tesla will initiate an investigation and temporarily suspend the driver's access to the FSD (Supervised) Rideshare platform. If the investigation confirms a policy violation, the driver will be removed from the platform.

Submitting false information or a fraudulent impaired driving report to Tesla may result in deactivation of a user's FSD (Supervised) Rideshare account.
